Poster presenter guidelines

1. The size of the poster should be 4ft (length) x 3 ft (width).
2. Every presenter is designated a poster number (See List of accepted abstracts for 22nd International Symposium.pdf). Use the serial number of the abstract title given in the list as your poster number. This poster number should be displayed on the right upper side of the poster.
3. Please put only Title of the paper and poster number, Please don't put the name and affiliation.
4. The poster may include following points in order as follows: Introduction, Aim & Objectives, Experimental Methodology, Results and Discussion, References, Acknowledgements may be included however it should not reveal identity of the person or institute
5. Font type : Times New Roman / Calibri Font size: Title of the poster : 40-44 subtitle : 30-32 & text can be 24 line spacing can be 1.15 - 1.5
6. For the posters allocated on 1st day of the symposium i.e. 29th February, the posters should be displayed by 8.45 am. Following the evaluation, it is the individual responsibility of the presenter to collect his/her poster. Similarly, the posters assigned for day 2 i.e. 1st March should do the needful.
7. As a presenter, you must avail CRSIC membership and subsequently Register for the symposium. Only registered candidates having active membership will be allowed to present the poster.
8. Only the presenting author will receive the poster presentation certificate apart from the participation certificate. The co-authors and corresponding authors' names will be included in the certificate.
